

## ANNEX 2

### **To the Delegation of Powers Agreement on Statutory Certification and Services of Vessels Registered in the Republic of Angola between the National Maritime Agency and Bureau Veritas SA .**

#### **Reports**

##### **Ships subject to conventions:**

1. BV must inform the National Maritime Agency of the initial issue of Cargo Ship Construction Safety Certificates, Cargo Ship Safety Equipment Certificates, Cargo Ship Safety Radio Certificates and Passenger Ship Safety Certificates, Certificates of Fitness for the Carriage of Chemicals in Bulk or Liquefied Gases, ISM Code Compliance Documents and Ship Management Certificates, Ship Safety Certificates, HSC Safety Certificates, MARPOL Certificates and Load Line Certificates for newbuildings or ships that become part of the Angolan Register.
2. BV will send a copy of the tonnage certificate issued for each ship to the National Maritime Administration.
3. BV will inform the National Maritime Agency by e-mail when surveys are carried out and/or certificates are issued or endorsed on ships registered in Angola. Alternatively, this information will be made available by giving dedicated on-line electronic access to the National Maritime Administration to BV website system as indicated in paragraph 4 below.
4. BV will provide the National Maritime Agency with access to the MOVE system, to enable the AMN to monitor the statutory survey and certification and services carried out by BV on ships registered in Angola.
5. In cases where, temporarily, the requirements of an applicable instrument cannot be met due to specific circumstances, as mentioned in paragraph 3.3 of the Agreement, BV shall report, by the most expeditious means, to the Administration. The report shall contain the name and official number/IMO number of the ship, a description of the circumstances and the conditions imposed.
